Announcement of Cancellation of World Children's Baseball Fair in 2021

First, we would like to deeply appreciate your continuous support to the World Children's Baseball Fair.

Given the widespread of the Corona virus (COVID-19), we regret to inform you that we have decided to cancel the World Children's Baseball Fair in 2021.

We have been preparing for the first ever tried, "Baseball clinics with girls from all over the world in Narita City, Chiba Prefecture" since last year, but due to the unfortunate spread of COVID-19 and the new variants of COVID-19 and the WCBF not being able to invite people from overseas, in addition to that, vaccination status all over the world being considered, we have decided not to hold the fair this year.

Deepest apologies to those who were looking forward to participating in the event since last year.

We would greatly appreciate your understanding.

World Children's Baseball Foundation
