Cancellation of the World Children's Baseball Fair 2023

April 19th, 2023

Dear Sir/Madam,

We had been discussing with related parties about organizing the fair this year, but at the point of making the final decision, Japanese government was still implementing immigration restrictions of visitors. In addition, accommodation during the fair, sharing a room with multiple persons, and exchange events with people from the venue were expected to be very difficult. These concerns led us to cancel the fair this year.

While we were receiving many words from people in Japan and overseas that they are eagerly awaiting the fair to be held, we are awfully sorry for not being able to hold the fair for the fourth year in a row. However, we have made the decision to give top priority to the safety of the participating children, staff, and everyone else involved.

World Children's Baseball Foundation would like to thank you for your kind understanding and continued support for the World Children's Baseball Fair.

Sincerely yours,

World Children's Baseball Foundation
